

TABLE OF CONTENTS

INTRODUCTION

SECTION 100 Local Government Project Funding Sources and Costs

- 110 Planning and Programming
 - 111 Multi-Year Transportation Improvement Program
 - 112 Regional Transportation Policy Plan
 - 113 Regional System Plan
- 120 Surface Transportation Program (STP)
 - 121 Congestion Mitigation and Air Quality Improvement Program (CMAQ)
 - 122 Highway Bridge Replacement and Rehabilitation Program (BR)
 - 123 Hazard Elimination System (HES)
 - 124 Railroad/Highway Grade Crossing (RR)
 - 125 Transportation Enhancement (TEA)
- 130 Emergency Relief Program (ER)
- 140 Highway Expansion and Extension Loan (HELP) Program
- 150 Highway User Revenue Fund (HURF) Exchange Program
- 160 Local Jurisdiction Project Costs

SECTION 200 Local Government Project Development Process

- 210 Design Consultant
- 220 Local Government Project Model (STP, CMAQ, BR, HES)
- 230 Project Development Milestones
 - 231 Project Assessment
 - 232 Design Concept Report and Project Schedule
 - 233 Project Design Review Costs
 - 234 Environmental Determination
 - 235 Reserved For Future Use
 - 236 30%, 60%, 95%, Plans, Specifications, and Estimate
 - 237 Final Plans Package
 - 238 Intergovernmental Agreement (IGA)
 - 239 Plans, Specifications, & Estimate (PS&E) Package
- 240 Local Agency Matching Funds
 - 241 Change Orders
 - 242 Project Bid Advertisement and Award
 - 243 Project Construction and Post Design Services
 - 244 Final Project Cost Accounting
- 250 Project Development Checklist

SECTION 300 Hazard Elimination System Program (HES)

- 310 Funding
- 320 Improvements Eligible for HES Funds
 - 321 Non-Eligible Improvements
- 330 Establishing Project Eligibility

- 340 Project Development
 - 341 Accident Data
 - 342 Project Proposals

SECTION 400 Highway Bridge Replacement and Rehabilitation Projects (BR)

- 410 Eligibility
- 420 Funding
- 430 Project Development

SECTION 500 Certification Acceptance Program

- 510 Certification Acceptance Application Procedures
 - 511 Items Reviewed for Qualification
- 520 Certification Acceptance Process and Administrative Procedures
 - 521 Request for Federal and TRACS Project Numbers Safety Projects
 - 521.2 Bridge Replacement/Rehabilitation Projects
 - 522 Environmental Determination and Clearance Process
 - 523 Design Projects
 - 524 Utility Relocation Costs
 - 525 Right-of-Way Acquisitions Costs
 - 526 Project Agreements and Requests for Reimbursement of Design, R/W, and Utility Costs
 - 527 Change Orders for Design, R/W and Utility Costs, and Modified Project Agreement Requests
- 530 Construction Projects
 - 531 Reimbursement of Contractor Payments
 - 532 Modified Project Agreement Requests
 - 533 Project Acceptance
 - 534 Final Voucher Process, Records Retention, and Project Audit
 - 535 As-Built Plans
- 536 Certification Acceptance Process Review
- 537 Local Government Liaison
- 560 Local Government Certification Acceptance Liaisons

SECTION 600 Local Government HURF Exchange Projects

- 610 Planning and Programming
- 620 Project Development
- 630 Funding and Reimbursement

APPENDIX A Directory of ADOT/FHWA Contacts

APPENDIX B Guidelines for the Preparation of a Design Concept Report

APPENDIX C Local Government Project Environmental Process

INTRODUCTION

This manual is intended to assist local governments, Metropolitan Planning Organizations, Council of Governments, and consultants in the planning, programming, funding, scheduling, development, design, and construction of local government projects funded with Federal-aid. Federal Highway Administration (FHWA) and Arizona Department of Transportation (ADOT) policies, processes, and requirements that must be complied with are presented as well as available funding sources for local government projects.

Additional information is available on the ADOT web site and in, "A Guide to Federal-Aid Programs and Projects," Federal Highway Administration Office of Program Administration, Publication No. FHWA-IF-00-006, May 1999.

This manual is available on the ADOT Local Government website: <http://www.dot.state.az.us/ROADS/localgov/index.htm>. Questions regarding the information and suggestions for improvements to this manual should be directed to the ADOT Local Government Engineer.
