

MAG TRANSPORTATION AMBASSADOR PROGRAM

The Maricopa Association of Governments, with support from the Virginia G. Piper Charitable Trust, is launching the Transportation Ambassador Program (TAP).

Program Goal: The goal of the program is to create a network of people trained about the most current resources and strategies to empower all people to move more easily throughout the region. The program will connect participants with training and resources. This opportunity is open to anyone in the community interested in gaining information to help others access transportation options better and will include accommodations for older adults, people with disabilities and people with low incomes.

Benefits to Participant:

- Quarterly meetings with up-to-date human services transportation information.
- Networking opportunities where new relationships and collaborations can be cultivated.
- Monthly updates on transportation services highlighting recent changes and best practices.
- Toolkits with information about human services transportation programs and services.
- Support is available for participant sponsored meetings that feature information about human services transportation.
- Feedback opportunities to show the success of the program and to identify areas of growth.

Benefits to the Community:

- Participants can serve as resources about human services transportation to their communities.
- More standardized and coordinated training opportunities will be open to the general public.
- Increased communication among providers and the public can result in better coordination and identification of opportunities to improve services.

This program is made possible with generous support from the Virginia G. Piper Charitable Trust. Please complete the attached information sheet to join this new network of participants in the Transportation Ambassador Program. Please feel free to contact Amy St. Peter with any questions at (602)452-5049 or by email astpeter@mag.maricopa.gov. Thank you!
